John, I am in a bad spot here. I am going to have to pass on your concerns about joe to larry vander graaf. Perhaps a meeting is required between us and bclc at his level. We certainly don't want anything festering here.

Joe was on his horse yesterday or at least appeared that way. Police and service provider were wondering where he was going with his tone at one point. I guess you had to be there.

Maybe not intentionally but did not come across well.

Call me later, I'm off to a meeting

John
